**STUDENT CODE
OF
CONDUCT

2014-2015**

**Kurt S. Browning
Superintendent**

A MESSAGE FROM THE SUPERINTENDENT

Dear Parents/Guardians:

The School Board and I welcome you and your children to a new school year. Our primary goal is to create a safe and secure learning environment for all students. By working together, parents and the school community can reach this goal and build a strong foundation for student success.

*Parent involvement is an essential element in ensuring student safety. As valued partners in this process, you can play a vital role in promoting safety on our school campuses. Please review the *Student Code of Conduct* with your child. By helping your child understand all of the rules and reinforcing the guidelines at home, you can help us succeed in our efforts to provide an environment in which teachers can teach and students can learn free from disruption and violence.*

I would like to call your attention to the enhanced bullying and harassment measures we are implementing this year. The changes will ensure that district students are not subjected to hostile environments, sexual or gender-based harassment, sexual assault, or cyber harassment or bullying. We need parents to help us educate students about the definitions of bullying and the different types of harassment, as well as the consequences students could face if it is proven that they have engaged in such behavior.

Our dedicated teachers, administrators, and support staff look forward to a positive and productive school year with you and your child. Please assist us by becoming actively involved in your child's school and education.

Sincerely,

A handwritten signature in black ink that reads "Kurt S. Browning". The signature is written in a cursive, flowing style.

The *Student Code of Conduct* shall be in force twenty-four hours a day, seven days a week, on all school campuses, school transportation and at all school functions, whether on or off school campuses. This document is intended for the use of students, school district staff, and parents. We all share responsibility for the safety and security of our students. Any and all threats of harm should be immediately reported to school staff. The school will work to protect the confidentiality of all involved within the limits of the law.

Vision

Our vision is to create a community which works together so all Pasco County students will reach their highest potential.

Introduction

The District School Board of Pasco County is committed to creating a respectful, caring community that supports college, career, and life readiness for all students. Every school year represents a fresh start for our students to have the opportunity to do their very best, to learn new things, and to progress academically.

Our central goal is to teach students to engage in positive behaviors that promote hope, engagement and well being so that all students develop the social-emotional skills to be successful post graduation. In order to accomplish this goal, it is essential that all members of the school community know and support expectations for student conduct.

The Student Code of Conduct communicates minimal requirements for students' behavior and summarizes the policies of the District School Board of Pasco County. This handbook:

- Defines the responsibilities and rights of students
- Defines the rules of conduct and the behavioral expectations for students
- Establishes consequences for violations of the rules of conduct
- Describes the process for handling disciplinary infractions

Each new school year is considered a "fresh start" for students to make positive behavioral choices. In order to promote learning and behavioral change, consequences should be assigned and implemented as soon as possible after an infraction. Disciplinary actions should be assigned within the same school year that the offense occurred. In very limited cases, such as an investigation that extends into the summer or a pattern of bullying behavior that carries over from one year to the next, assignment of disciplinary consequences may extend into the new school year.

Progressive Discipline

The District School Board of Pasco County engages in the practice of progressive discipline.

Progressive discipline is a whole-school approach that utilizes a continuum of interventions, supports and consequences to address inappropriate student behavior and build upon strategies that promote positive behaviors. When inappropriate behavior occurs, disciplinary measures should be applied within a framework that shifts the focus from one that is solely punitive to a focus that also includes corrective and supportive measures.

Progressive discipline is designed to create the expectation that the degree of discipline will be in proportion to the severity of the behavior leading to discipline. The previous disciplinary history of the student and all other relevant factors will be taken into account.

Academic Integrity

The District School Board of Pasco County is a community of students and educators committed to excellence in education leading to college, career and life readiness. Academic integrity is an expectation and a vitally important area of focus as a learning organization. Students with academic integrity make decisions based on ethics and values that will prepare them to be productive and ethical citizens.

Students at all levels are expected to pursue their studies with integrity and honesty in Pasco eSchool and all school settings. All work that a student submits will be the original and authentic work of the individual student unless otherwise specified in the assignment.

Students have the responsibility to:

- Uphold the highest standards of academic integrity in the student's own work;
- Refuse to participate in or tolerate violations of academic integrity in the school community; and
- Foster a high sense of integrity and social responsibility in the school community.

The following infractions will result in disciplinary action.

- Submitting a paper purchased or otherwise obtained from a research, term paper or school work production service, including as found on the Internet

These are examples for guidance purposes and do not constitute an exhaustive list.

Rules of Dress and Appearance

In order to promote an orderly learning environment in our schools while preparing all students for later success in the world of work, the District School Board of Pasco County has established the following guidelines for student dress:

- Students shall wear modest clothing of such style and design as shall be consistent with community standards as determined by the school principal or designee. Refer to specific guidelines distributed by the school. Sexually implicit or explicit clothing, bikini and tank tops, and spandex clothing (kinds of clothing usually worn at beaches and while engaging in recreation activities), are not appropriate wearing apparel for school or school functions.
- Students may wear shorts and skirts as long as they are of a modest length. Modest length is no more than 4" above the knee.
- Blouses, shirts, and sweaters cannot dip below a line formed between the right and left armpit. Muscle shirts and tank tops are not permitted. Spaghetti straps and strapless tops are not acceptable. Tops must be long enough to clearly overlap the belt line or stay tucked in during the course of normal movement throughout the school day.
- Students shall keep their clothes, bodies, and hair clean and well groomed.
- Students shall not wear hats or head coverings on the school campus during the regular school day unless previously approved for medical or religious reasons or special school activities as determined by the principal or designee.
- Students shall wear shoes for foot protection and hygienic reasons while on school grounds or on school transportation. Slippers are not acceptable.
- Decorations, symbols, mottos, or designs imprinted or attached to the body, clothing, accessories or student vehicle which contain profanity in any form, violent images, images of weapons, are considered vulgar, offensive to good taste or the maintenance of decorum, or which contain sexually suggestive words, phrases or images, advertise tobacco, alcohol, drugs, or which identify them as members of secret antisocial groups or gangs shall not be worn to school or school functions. Offensive designs imprinted on the body must be covered.
- Jewelry shall be worn in a way that does not present a safety or health hazard or cause a major disruption to the educational process.
- Wallet chains or dog collars shall not be permitted.
- The principal, or designee, shall determine the appropriateness of dress and appearance. The principal, or designee, will make the decision if a student's appearance meets school and community standards. The principal's decision on the appropriateness of dress is final.
- If issued, student must be in possession of school badges during all school activities and must present the badge to school officials upon request.
- While on any District School Board of Pasco County school or campus, at any school function or on any school sponsored transportation, students are prohibited from wearing clothing that exposes underwear or body parts in an indecent or vulgar manner or that disrupts the orderly learning environment. Students' clothing shall be worn appropriately with no abdomen skin, or underwear exposed.

Violations of this provision of the dress code will result in consequences as defined by F.S. 1006.07(2)(d1) and F.S. 1006.07(2)(d2), as follows:

- For a first offense, the student shall be given a verbal warning and the school principal shall call the student's parent or guardian.
- For a second offense, the student is ineligible to participate in any extracurricular activity for a period of time not to exceed 5 days and the school principal shall meet with the student's parent or guardian.
- For a third or subsequent offense, the student shall receive an in-school suspension for a period not to exceed 3 days, the student is ineligible to participate in any extracurricular activity for a period not to exceed 30 days, and the school principal shall call the student's parent or guardian and send the parent or guardian a written letter regarding the student's in-school suspension and ineligibility to participate in extracurricular activities.

(F.S. 1006.07)

Special Note: A student in violation of the dress code will be required to change into appropriate clothing before returning to class. If necessary, the student will contact parents to provide the appropriate clothing. Failure to do so will result in a discipline referral. Repeated violations of the dress code will result in appropriate consequences.

Attendance

All children who have attained or will have attained the age of 6 years by February 1 of any school year and have not yet attained the age of 16 years, except as otherwise provided, are required to attend school regularly during the entire school term. It is the District School Board of Pasco County's belief that academic success requires continuity of instruction and active classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session. School attendance shall be the responsibility of parents and students.

(F.S. 1003.21)

Excerpt from Florida Statute 1003.26 (1)(B) "The principal shall, unless there is clear evidence that the absences are not a pattern of nonattendance, refer the case to the school's child study team to determine if early patterns of truancy are developing. If the child study team finds that a pattern of nonattendance is developing, whether the absences are excused or not, a meeting with the parent must be scheduled to identify potential remedies. If an initial meeting does not resolve the problem, the child study team shall implement interventions that best address the problem."

Attendance Procedures

All elementary, middle and high school students who are absent will be marked "unexcused" ("U") until the parent/guardian notifies the school in writing and justifies the absence.

- Failure to do so within three (3) school days will cause the absence to be recorded as "unexcused".
- In the case of excessive or extended absences, upon request of the principal or designee, a parent must provide documentation (doctor's statement) of a student's illness.

Make-up Work

Excused absences guarantee students the right to make up any and all assignments assigned on the day[s] of absence at full credit. The student is responsible for asking the teacher(s) for assignments and make-up tests within two (2) class meetings with the teacher. The teacher(s) shall specify a reasonable period of time for completion of make-up work. In no case shall the time be less than one full calendar day for each day missed. Work due to be turned in on the day of the excused absence will be turned in upon return and be given full credit. The principal or designee shall have the authority to modify these conditions with a confirmed hardship.

The following are acceptable reasons for a student's absences from class:

- Illness of student.
- Major illness in the immediate family of the student (immediate family is determined as parents, brothers, sisters, grandparents, aunts, uncles, legal guardians or persons in loco parentis, or a member of one's own household).
- Death in the immediate family of the student.
- Religious holiday of the student's faith (including Yom Kippur, Rosh Hashanah, Epiphany, etc.)
- Religious instruction (including Bar/Bat Mitzvah, Confirmation, etc.)
- Religious institutes, conferences, or workshops, provided that the principal or designee approves the absence in advance.
- Absences for trips or other parental requests that are determined to be educationally relevant for the student as determined by the principal or designee. Requests must be approved at least one week in advance. The principal or designee's decision in this matter is final.
- In-school or out-of-school Suspension.

- Subpoena or forced absence by any law enforcement agency. A copy of the subpoena or court summons must be submitted to the school.
- For purposes of attendance, school related activities would not be counted as absences from school.

Florida Law 1003.26(1)(b) provides that if a student has at least five (5) unexcused absences, or absences for which the reasons are unknown, within a calendar month or ten (10) unexcused absences, or absences for which the reasons are unknown, within a 90 calendar day period, the school must take action. The school may require documented medical and legal excuses for a pattern of non-attendance.

- Attendance shall be counted period by period. **(Secondary only)**
- A student, whose parent or legal guardian is an active duty member of the armed forces and has been called to duty, is on leave from, or has immediately returned from deployment, shall be granted additional excused absences, at the discretion of a school district's superintendent or designee, to spend time with said student's parent/legal guardian, relative to such leave or deployment.
- After three (3) unexcused absences the school shall contact the home (or work place) of the parent/guardian to determine the reason for the absence.

If the initial parent/guardian meeting/contact does not resolve the problem and, the person responsible for all non-attendance, determines that an early pattern of non-attendance is developing, interventions that best address the problem will be developed. The interventions may include but need not be limited to:

- Attendance agreements.
- Referral to the school based intervention team.

If the attendance agreements and the referral to the school based intervention team are not successful, than a referral to the school social worker is initiated.

Once referred to the school social worker, a student and/or parent may be referred to the Office of the State Attorney's Truancy Intervention Program (TIP), or to Children in Need of Services/Family in Need of Services (CINS/FINS) petition could be filed.

Tardiness and Early Checkout

Students need to arrive on time and stay through dismissal so they will receive important directions, class instruction and avoid other students who are working. Parents can set a good example by encouraging students to follow the school's time schedule and to follow the procedures found in the school handbook. All parents must report to the front office when picking up their child prior to the regular dismissal time.

Student Consequences for Unexcused Absences (Secondary Only)

If a student has unexcused absences in 3 or more periods a day in five or more days, or 5 unexcused absences in any one course within a quarter or ten (10) unexcused absences in any one course within a semester, the student shall:

- Lose the privilege of participating in extracurricular activities. These include but are not limited to dances, special events, club activities and participation in athletics, until the end of the following grading quarter. In addition,
- Lose the privilege to drive to campus until the end of the following grading quarter. If this occurs during the fourth quarter of the school year, the privileges would be lost for the first quarter of the following school year. The principal or designee may review extenuating circumstances resulting in a loss of privilege(s). The principal's decision is final.
- Have their name submitted to the Department of Safety and Motor Vehicles (DHSMV). The student will then be in danger of having the current privilege to drive suspended, or for students who are under age 16, having their application for licensure denied. (Please see Driver's License Law section, which follows)

(F.S. 1003.26)

Student Consequences for Unexcused Absences (Elementary Only)

If a student has unexcused absences in 3 or more periods a day in five or more days, or 5 unexcused absences in any one course within a quarter or ten (10) unexcused absences in any one course within a semester, the student shall:

- Lose the privilege of participating in extracurricular activities. These include but are not limited to dances, special events, club activities and participation in athletics, until the end of the following grading quarter.
- If this occurs during the fourth quarter of the school year, the privileges would be lost for the first quarter of the following school year. The principal or designee may review extenuating circumstances resulting in a loss of privilege(s). The principal's decision is final.

Driver's License Law (Secondary Only)

The Florida Legislature has enacted F.S. 322.091(1), which provides that minors (ages 14 - 18) satisfy school attendance requirements in order to apply for or maintain their driving privileges. The principal or designee will notify the District School Board of Pasco County of those students who accumulate 15 unexcused absences or absences for which the reasons are unknown, in a period of (90) calendar days. The school superintendent or designee is then required to submit to the Department of Highway Safety and Motor Vehicles (DHSMV) the names of the students along with their dates of birth, sex, and social security numbers. For the purposes of maintaining the right to drive, days of suspension from school will not be forwarded to the DHSMV as unexcused.

If a student's name is sent to the DHSMV for lack of attendance, then the student is in danger of having the current privilege to drive suspended, or for students who are under age 16, having their application for licensure denied. Hardship waiver hearings will be available in cases where the driver has been notified by DHSMV that the license will be suspended. Following a license suspension by DHSMV, the driving privilege may be reinstated if the student submits written verification to DHSMV that the student has completed 30 days of attendance in school without an unexcused absence.

Student Parking Policy (Secondary Only)

Parking in a school lot is a privilege. All vehicles must be registered to park in a school parking lot. Proof-of-insurance must be presented at the time of registration and the registration is non-transferable. Vehicles that are not registered or that are inappropriately or illegally parked, or parked so as to cause a safety hazard, may be warned, booted, or towed at the owner's expense.

Students who drive inappropriately or dangerously or are found to be truant or have excessive absences are subject to having their parking privileges suspended or revoked.

There will be no refunds for loss of hang tags/parking privileges. If a student regains his/her driving/parking privilege, it is subject to space available.

A vehicle, upon reasonable suspicion, may be searched for weapons, drugs, or other items, which are illegal, or against School Board policy, e.g., alcohol, stolen property, or other contraband. If any of these are found in the car, appropriate legal action will be taken and the parking permit will be revoked.

In addition, each school may specify additional conditions for parking on school grounds at the time of vehicle registration.

Declaration of Intent to Terminate School Enrollment

A student who is 16 or 17 years of age who is choosing to withdraw from school must sign a "Declaration of Intent to Terminate School Enrollment" form. Students may obtain the form by speaking with school guidance counselors or a member of the school administration staff. This form requires parent signature/consent unless the student is legally classified as independent.

Extracurricular, Co-curricular Activities, and Student Organizations

Extracurricular activities and student organizations are an essential and integral part of the student's educational program. Such activities should be scheduled in such a way as to insure student access and also minimize conflict with classes.

The following rules shall apply to all students' activities and organizations:

- They must be open to any student who qualifies; members cannot be selected by secret ballot.
- They must have a charter and/or constitution written by students and teacher sponsors and approved by the school administration.
- They must have a faculty sponsor, appointed by the principal, who will be present at all meetings; meetings will be held on school grounds unless otherwise approved by the school administration.
- Dues must be reasonable.
- All monies collected must be handled through an established school account.
- All initiation ceremonies must be approved by the school administration; those ceremonies will not be injurious or degrading.
- All meetings and social functions will be approved by the school administration and will be adequately chaperoned.

Extracurricular activities such as athletics, cheerleading, band, and clubs shall establish special rules of conduct and consequences. These rules shall:

- Be reasonable and approved annually by the school principal or designee.
- Be written and distributed to prospective member students.
- Address students who are found to have committed felonies or delinquent acts, which would be a felony if committed by an adult (regardless of whether adjudication has been withheld).
- Facilitate membership for the children of active military regardless of application deadlines to the extent that they are otherwise qualified (F.S. 1003.05).

Note: Participation in extracurricular activities is a privilege, not a right, and may be revoked by the principal for violations of the *Student Code of Conduct* including but not limited to actions that result in, in-school-suspension, out-of-school suspension and or a recommendation for expulsion.

Student Being Arrested and Charged (Involved in Extra-Curricular Activities).

If a student is found to have been arrested on or off campus and/or charged with a felony or a delinquent act that would be a felony if that student were an adult, even if adjudication is withheld, then the student will be suspended from and ineligible to participate in extra-curricular activities.

The student shall be suspended/deemed ineligible to participate in extra-curricular activities, including athletics, for no less than 90 school days from the date the school becomes aware of said violation. After the days of suspension from participation are completed, the principal or designee will review the suspension and make a decision concerning the eligibility of the student to resume participation in extra-curricular activities. Results of this decision may not be appealed. The suspension may be lifted should the charges be dropped or a ‘not guilty’ be entered into the court records.
(F.S. 1006.15)

Student Government

An elected or voluntary student government will be established in all schools. The purpose of this organization shall be to develop attitudes of and practice in good citizenship, promote harmonious relations throughout the school, improve school morale, provide a forum for student expression, provide orderly direction of school activities, and promote the general welfare of the school.

The student government is responsible for authorizing, promoting, scheduling, and operating student activities. The student government establishes election procedures and decides upon officers' qualifications.

The student government will work to make improved communications among students, teachers, parents, and the administration. The administration shall use the government to get student opinions on curriculum, procedures, teacher-student relationships, and student conduct.

Physical Education

Participation in physical education is best when clothing is appropriate to the activity that is scheduled, e.g., tennis shoes, shorts, and T-shirts. Appropriate clothing promotes freedom of movement, safe participation, and builds good hygienic practices.

In case a student refuses to participate in the physical education activities, he/she will receive consequences, as noted in the *Student Code of Conduct*. Each case will be handled in the same manner as in any other subject area using Level 1, 2 or 3 interventions.

The grading for all middle and high schools will be divided into the following areas:

- Application of Fitness Concepts
 - Application of Movement Concepts
 - Application of Personal and Social Responsibilities
 - Application of Cognitive Skills
-

Wireless Communication Devices (WCDs)

Pursuant to State law, students shall not operate a motor vehicle owned or leased by the District on or off school property, or personal motor vehicle on District property, while manually typing or entering multiple letters, numbers, symbols, or other characters into a personal communication device or while sending or reading messages on such a device, for the purpose of

non-voice interpersonal communication, including, but not limited to, communication methods known as texting, e-mailing, instant messaging, and snap chatting.

Technology including, but not limited to, WCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal. However, the use of a WCD to engage in non-education-related communications during instructional time is expressly prohibited.

Students may use WCDs before and after school, during their lunch break, in between classes, during after-school activities (e.g. extra-curricular activities), at school-related functions, and while on the school bus provided such uses do not create a distraction, disruption, or otherwise interfere with the educational environment. Distracting behavior that creates an unsafe environment will not be tolerated. Use of WCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be powered completely off (i.e. not just placed into vibrate or silent mode) and stored out of sight.

For purposes of this policy, "wireless communication device" includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.), telephone paging devices (e.g., beepers or pagers), and/or other web-enabled devices of any type.

Except as authorized by a teacher, administrator, or IEP Team, students are prohibited from using WCDs during the school day, including while off-campus on a field trip, to capture, record or transmit the words or sounds (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity, without express prior notice and explicit, written consent for the capture, recording or transmission of such words or images. Using a WCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a WCD to violate the privacy rights of another person may have their WCD confiscated and held until the end of the school day or until a parent/guardian picks it up, and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity, the confiscated WCD may be turned over to law enforcement.

"Sexting" is prohibited at any time on school property or at school functions. As set forth in State law, sexting is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity. Such conduct not only is potentially dangerous for the involved students, but also can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD and referral to law enforcement.

The use of WCDs that contain built-in cameras (i.e. devices that take still or motion pictures, whether in a digital or other format) is prohibited in locker rooms, shower facilities, and/or rest/bathrooms.

Students shall have no expectation of confidentiality with respect to their use of WCDs on school premises/property.

Students may not use a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Harassment. In particular, students are prohibited from using WCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex, sexual orientation, disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing or possessing pictures, text messages, e-mails or other materials of a sexual nature (i.e., sexting) in electronic or any other form. As set forth in State law, sexting is the knowing transmission or distribution to another minor by a computer or similar device any photograph or video of any person that depicts nudity and is harmful to minors. Sexting also includes possessing a photo of any person that was transmitted or distributed by another minor that depicts nudity and is harmful to minors. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a WCD to capture, record and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using WCDs to receive such information.

Possession of a WCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g. child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the WCD may be turned over to law enforcement. School officials will not search or otherwise tamper with WCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a WCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damage to, misuse, or unauthorized use of WCDs brought onto its property, or the unauthorized use of such devices.

Harassment and Bullying

Harassment or bullying of students or staff is an extremely serious violation of the *Student Code of Conduct*. It can also be a violation of criminal law. The District will not tolerate unlawful bullying and harassment in schools or school campuses, school sponsored buses, school-related or school-sponsored events, or through the use of data or computer software that is accessed through a computer, computer system, or computer network of the district. The physical location or time of access of a computer-related incident cannot be raised as a defense in any disciplinary action initiated pursuant to this policy.

“Harassment” means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student or employee that:

- Places a student or employee in reasonable fear of harm to his or her person or damage to his or her property
- Has the effect of substantially interfering with a student’s educational performance, opportunities, or benefits
- Has the effect of substantially disrupting the orderly operation of school

“Bullying” means *systematically* and *chronically* inflicting physical hurt or psychological distress on one or more students or school employees. It is unwanted and **repeated** written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is **severe or pervasive enough to create an intimidating, hostile, or offensive educational environment**; cause discomfort or humiliation; is carried out repeatedly and is often characterized by an imbalance of power; or **unreasonably interfere with the individual’s school performance or participation**; and may involve but is not limited to:

- | | |
|---------------------------------|---|
| 1) Unwanted teasing or taunting | 6) Physical violence |
| 2) Social exclusion | 7) Theft |
| 3) Threat | 8) Sexual, religious, or racial/ethnic harassment |
| 4) Intimidation | 9) Public humiliation |
| 5) Stalking | 10) Destruction of property |

Violations of this policy should be immediately reported to the principal or designee as soon as possible after the alleged incident. The principal or designee will promptly investigate reports of bullying or harassment. If the investigation finds an instance of bullying or harassment has occurred, it will result in prompt and appropriate remedial and/or disciplinary action.

Sex Based Harassment

The District School Board of Pasco County does not tolerate sex-based harassment. Any student who believes he or she has been subjected to sexual harassment, sexual assault, gender-based harassment, or other sex-based harassment should

immediately report the harassment to the District. The District is committed to taking immediate action to eliminate the harassment, prevent its recurrence, and reduce its effects. Students found to have engaged in acts of sex-based harassment will be subject to prompt disciplinary action, including, if warranted, suspension or expulsion. Students, parents, and staff are encouraged to work together to prevent sex-based harassment. District School Board of Pasco County Equity Manager/Title IX Coordinator: Sandy May, Office for Employee Relations (813) 794-2322.

Teen Dating Violence and Abuse

Dating violence and abuse shall be defined as emotional, verbal, sexual, or physical abuse of a student who is in a current or was in a past dating relationship by the other person in that dating relationship. Abuse may include insults, coercion, social sabotage, sexual harassment, stalking, threats and/or acts of mental, physical or sexual abuse. It may also be a pattern of demeaning, coercive, abusive actions that amount to emotional or psychological abuse. Dating violence and abuse may also include abuse, harassment, and stalking via electronic devices such as cell phones and computers, as well as harassment through a third party.

Any student who is the victim of an act of dating violence and abuse, or has cause to believe that s/he is in immediate danger of becoming the victim of an act of dating violence and abuse, should report the matter to the principal or to any member of the school staff.

Any resident of the community or other member of the school community, including students, parents, volunteers, and visitors, who observes an act of dating violence and abuse perpetrated by one student against another, or who has reason to believe that a student is a victim of dating violence and abuse is encouraged to report the matter to a school administrator. These reports can be made either in person or anonymously to Crime Stoppers of Tampa Bay at <http://crimestopperstb.com> (1-800-873-TIPS).

The Board reserves the right to investigate a report of dating violence and abuse regardless of whether the student who is allegedly the victim of the dating violence and abuse wants to pursue the matter. Further, the Department of Children and Families shall be notified if the student who is found to have perpetrated the act of dating violence and abuse is eighteen years of age or older and the student who was the victim of the act of dating violence and abuse is a minor. If the principal or designee determines that a student has committed an act of dating violence and abuse, that violation of this policy shall result in disciplinary action, which may include suspension, assignment to another school or program, recommendation for expulsion, or referral to law enforcement.

(F.S. 1003.42, 1006.148)

Hazing

The District School Board of Pasco County prohibits hazing activities of any type and at any time, whether in school facilities, on school property, and/or off school property, if the misconduct is connected to activities or incidents that have occurred on school property. Hazing is defined as any action or situation which coerces another, including the victim, to perform any act which causes or creates a substantial risk of causing mental or physical harm. Acts of hazing shall be addressed and may result in disciplinary action and/or civil and criminal penalties in accordance with the law.

Judicial “No Contact” Orders

The Department of Juvenile Justice will report to the school district all court orders in which a Pasco County student is mandated by the Department of Juvenile Justice to have “no contact” with his/her victim or victim’s family members.

Upon notification by the Department of Student Services, the principal or designee of the school where the offender attends will determine if measures can be taken within the existing school of attendance to ensure that the “no contact” order can be followed. If not, consultation with the Department of Student Services will determine how the “no contact” order will be enforced. The Parent/Guardian has the right to request a hearing.

A “no contact” order may be issued by a circuit judge at or before the time of adjudication, withholding of adjudication, or plea of guilty or nolo contendere for the following offenses: homicide, assault, battery, culpable negligence, kidnapping, false imprisonment, luring or enticing a child, custody offenses, sexual battery, lewdness and indecent exposure, abuse or children, robbery, robbery by sudden snatching, car jacking, or home-invasion/robbery.

(F.S. 1006.13)

Supervision of Students Before and After School and School Activities

F.S. 1003.31(d)(2) states that students must be under the control and direction of the principal or designee no longer than 30 minutes before or after school hours while on our campuses or while participating in an authorized school-sponsored activity. Parents should not rely on school supervision outside the time limits of such policy.

Canine Searches on School Grounds

School administrators may use canines (dogs) trained to detect contraband to conduct random searches for contraband in classrooms, student lockers, other common areas of school buildings, and vehicles parked on school grounds in middle and high schools. Searches will be conducted in conjunction with law enforcement, and a school administrator shall accompany the handler and canine during all searches conducted on school property. If a dog indicates that contraband is present on school property, school administrators may conduct a further search.

Student Felony Reports

F.S. 1006.08 (2) requires law enforcement agencies and courts to notify schools when a student is accused or convicted of felony-level crimes. The principal or designee must share the information with school staff that work with the student. The informed staff must maintain appropriate levels of confidentiality. The information regarding the felony report is not kept in the student's cumulative record.

Use of Reasonable Force

The safety and welfare of the students is of utmost importance. In today's society, it has become necessary to use a range of conduct management efforts to control student behavior. These efforts include the use of reasonable force. Florida Statutes 1006.11 and 1012.75 allow such force to be used by school personnel in maintaining a safe and secure learning environment. While use of reasonable physical force may be needed, that force may not be excessive, cruel or unusual in nature, and alternatives to the use of such force should be attempted, time permitting. Any use of reasonable physical force must cease upon the restoration of a safe and orderly environment.

Use of reasonable force is permitted to protect students from:

- Conditions harmful to learning.
 - Conditions harmful to students' mental health.
 - Conditions harmful to students' physical health.
 - Conditions harmful to safety.
 - Harmful and/or injury to self, school personnel and others.
-

Notice to Students, Families and School Staff

F.S. 1003.32 gives teachers the authority to remove a student from a class for the remainder of the school year under either of the following circumstances:

- The student repeatedly interferes with the ability of a teacher to communicate effectively with students or with the ability of the student's classmates to learn.
- The student's behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the student or the student's classmates to learn.

Within five (5) days of the teacher's removal of the student, the principal or designee will either return the student to the teacher's class with the teacher's agreement or will determine a more appropriate placement of the student. If the teacher and principal or designee cannot agree on a decision, a Placement Review Committee will determine the appropriate class for the student.

Placement options, however, are limited by program eligibility requirements, School Board policies, and state and federal laws. In no instance shall a student's right to due process be compromised.

School Bus Rules

The District School Board of Pasco County provides free transportation to and from school for students who live more than two miles away from school. Students will be assigned one bus stop. Parents/guardians are responsible for child(ren) at the bus stop. Once the bus arrives at the stop, and only at that time, does the student become the responsibility of the District School Board of Pasco County. Such responsibility shall end when the student is delivered to the regular bus stop and the bus has

departed, at the close of the school day. Each student using that transportation must abide by the rules, which are established to insure the safety of all passengers.

When waiting for the bus, loading or unloading, students must follow the *Student Code of Conduct*. Bus drivers will report students who violate the *Student Code of Conduct*, and break school bus rules to the school administration for appropriate disciplinary action. Administrators shall investigate and issue discipline accordingly. Behavior not directly observed at bus stops, but reported and confirmed by witnesses, may be acted upon.

Violations of the *Student Code of Conduct* shall result in disciplinary action, suspension of riding privileges, recommended bus expulsion and may result in referral to law enforcement.

Teachers who chaperone bus trips will have the same authority and responsibilities as they have in the classrooms.

Parent conferences are not permitted while the bus is in route or stopped at a bus stop. Any conference that the parents wish to have with the bus driver must be scheduled with the school's administration.

The following bus rules will be obeyed:

- The bus driver is in full authority and must be obeyed.
- Students are required to obey driver's hand signals when crossing the road.
- Students are required to wear safety restraints, when they are available on the bus.
- General school rules will apply on the bus, although quiet talking is permitted.
- Students will be at the bus stop five minutes prior to scheduled time.
- Students will stand off the roadway while waiting for the bus.
- Students will board and leave the bus at their assigned bus stops unless other arrangements are made by written request of the parent and signed by the principal or designee.
- Students will not distract the bus driver.
- Students will sit properly and remain seated while the bus is in motion.
- Students will not throw or project anything inside or out of the bus.
- Students will not litter, mark, deface, or damage any part of the bus.
- Students will sit in any seat assigned to them.
- Students will not eat, drink, or smoke on the bus.
- The emergency exit will be used only in cases of emergency.
- No animals (dead or alive), glass or glass containers, sharp objects, ball bats, cutting instruments, batons, drumsticks, or other objects that could become dangerous projectiles during a sudden stop or accident will be allowed on the bus without prior permission of the driver.
- Large objects (larger than students can safely hold in their laps), including band instruments, which interfere with seating and safety of others, will not be permitted on the bus without prior permission of the driver.
- Students will not exit the rear emergency door of the school bus, other than in an emergency situation as determined by the bus driver.
- Students will not engage in behaviors that could negatively impact the safety of those on board the bus.

The above rules will also apply on extra-curricular and athletic trips.

The following procedural interventions are recommended when appropriate:

First offense: Parent contact and disciplinary action as decided by principal or designee.

Second offense: 3-day bus suspension.

Third offense: 5-day bus suspension.

Fourth offense: 10-day bus suspension

At the fourth referral, there will be a review of the students behavioral and intervention history, which will culminate in the development of an intervention plan for the student. The parents will be invited to participate in this review.

Fifth offense: Recommendation of bus expulsion.

The following may result in a recommendation for bus expulsion at any time:

- Exiting the rear emergency door.
- Any action that endangers the safety of anyone on or around the bus.
- Continuous disruptive behavior.

Severity of the offense, extenuating circumstances, and the attitude of the student and parent will be considered by school administration and may be discussed with the Director of Transportation before a final determination is made.

Zero Tolerance Policy

It is the intent of the School Board to promote a safe and supportive learning environment in schools, to protect students and staff from conduct that poses a serious threat to school safety, and to encourage schools to use alternatives to expulsion or referral to law enforcement when possible. The Legislature finds that zero tolerance policies are not intended to be rigorously applied to petty acts of misconduct and misdemeanors, including, but not limited to, minor fights or disturbances.

The School Board will...

- Define criteria for reporting to a law enforcement agency any act covered by the zero tolerance policy that occurs whenever or wherever students are within the jurisdiction of the School Board.
- Share appropriate information on students with law enforcement agencies, Department of Health and Rehabilitation Services, and Department of Juvenile Justice.
- Assist all staff in dealing decisively and effectively with violent and disruptive students.
- Assign more severe consequences when the offender appears to be motivated by hostility toward the victim's real or perceived gender, race, religion, color, sexual orientation, ethnicity, ancestry, national origin, political beliefs, marital status, age, social and family background, linguistic preference, or disability.

(F.S. 1006.13)

- All students who commit assault or battery on school officials will be recommended for expulsion or placement in an alternative school setting.

(F.S. 1006.07, Chapter 784.081, F.S. 1006.13)

- Chapter 790.25(5), Florida Statutes, makes it lawful for a person eighteen (18) years of age or older to possess a firearm or other weapon for self-defense within the interior of a private vehicle if the weapon is securely encased. It is the policy of the District School Board of Pasco County, Florida, that F.S. 790.25(5), SHALL NOT apply to any student bringing any concealed firearm or weapon onto school property. All students are subject to the policies and penalties stated in this Student Code of Conduct. For the purposes of this policy, the word student shall mean, but not be limited to, any preschool, elementary, middle, high, secondary, vocational or post-secondary student of a school maintained and operated by the District School Board of Pasco County.
- Violation of this rule will result in automatic out-of-school suspension and possible expulsion. Criminal prosecution is also likely in these instances.

Any student who is determined to have brought a firearm as defined in 18 U.S.C.s.921 (United States Code) to any District School Board of Pasco County school or campus, at any school function, or on any school sponsored transportation, will be recommended for expulsion, with or without continuing educational services from the student's regular school for a period of not less than (one) 1 full year and referred for criminal prosecution.

Drugs and Other Illegal Substances

The use of illegal substances and drugs, including alcohol, is harmful to students and detrimental to the educational process. Use, distribution, and/or possession of these substances will not be tolerated on any District School Board of Pasco County school or campus, at any school function, school sponsored event or on any school sponsored transportation. Students found in possession of controlled, illegal substances (including alcohol), pills, or any other drug or drug look-alikes will be dealt with severely. Consequences may include, but not limited to, counseling services, suspension, and/or law enforcement intervention. Students selling and/or distributing illegal substances to others will face probable expulsion from school. The School Board may, however, waive the expulsion if the student:

- Provides information leading to the arrest and conviction of the supplier of the controlled substance.
- Discloses voluntarily his unlawful possession of the controlled substance prior to arrest.
- Enrolls in and successfully completes a state licensed drug abuse program.

Students with Disabilities

In matters relating to the disciplining of students with disabilities, the Board shall abide by Federal and State laws regarding suspension, expulsion and alternative placement.

In-School-Suspension [ISS] Guidelines

In-School-Suspension may be established as a disciplinary intervention for serious offenses (Levels 2 & 3) and/or as an alternative for administrators to out-of-school suspension. A student may be assigned no more than ten (10) days per offense.

- The student will not be given a choice but the school administrator will assign ISS and parents will be notified. Assigned ISS can only be appealed at the school level.
- If a student or parent/guardian believes a proposed disciplinary action is unfair or that the allegations are unfounded, the student or parent may request a formal appeal. The formal appeal may be initiated verbally or in writing and presented to the principal within three (3) days of the discipline decision. Verbal requests for appeals must be followed up in writing. The written appeal should:
 - Briefly state the facts involved;
 - State a proposed solution to the problem,
 - Be copied to the school staff member(s) involved.
- The principal's decision regarding the appeal shall be final.

Students will be isolated from the mainstream of the school while in the program and will be ineligible for extracurricular activity participation on those days if in ISS. The absences from classes will, however, be excused, and teachers will provide assignments on a timely basis for the ISS class. Students serving ISS will complete homework and other assignments, complete behavior modules, and receive advising. Any student who is assigned or serves ISS during any portion of a day as a disciplinary measure, will be ineligible to participate in extra-curricular activities on the day the student serves the ISS. Any time a principal or designee wishes to separate the ISS into a two-day period due to work related programs, the student would be ineligible to participate in extra-curricular activities on the first (1st) day but would be eligible on the second (2nd) day of the ISS.

Students served in Detention/In-School-Suspension will be entitled to complete make-up work while in Detention/In-School Suspension program at full credit.

Out-of-School Suspension (OSS) and Expulsion Guidelines

Principals and their designees may suspend a student for violating the District School Board of Pasco County Student Code of Conduct as approved by the School Board. Only principals may recommend expulsion of a student.

Suspension Guidelines

The principal or principal's designee shall follow the following general rules when considering suspension:

- Provide verbal notice to the student of the charges and an explanation of the evidence against him or her.
 - Students shall not be suspended for skipping, tardiness, absence, or truancy.
- Give each student an opportunity to present his or her side of the story and present a written statement.
- Make a good faith effort to immediately inform the student's parents by telephone of the violation(s), and the potential for the student's suspension.
- Make a good faith effort to employ parental assistance or other alternative measures prior to suspension, except in the case of emergency or disruptive conditions requiring immediate suspension, or in the case of a serious breach of the Code of Conduct.
- Document each suspension and the reason for the suspension on the student discipline referral and coding form, MIS 413, and provide a copy to the parent within 24 hours. This must be done in person or by U.S. mail. Parent notification must:
 - Be in the parent/guardian's primary language, to the extent feasible;
 - Explain the alleged misconduct and the school district rule(s) alleged to have been violated,
 - Identify the corrective action or discipline being proposed,

- Explain that students who are suspended from school shall be allowed to make up work for credit and the process they should follow.
- Explain the rights of the student and/or his/her parent(s) or guardian(s) to appeal the allegation(s) and the proposed action, and tell them how to make an appeal; and
- Explain that the appeal must be in writing and received by the principal within three (3) days.
- For students with disabilities (Section 504 and IDEA, excluding gifted only), a Manifestation Determination Meeting (MDM) may be held to determine if the infraction was caused by or substantially related to the student's disability or the need for additional supportive services. The MDM must convene within ten (10) days of any decision to change placement and prior to the 11th day of removal of the student from his/her current educational placement. A series of suspensions constitutes a change of placement when the suspensions accumulate to more than 10 school days in a single school year.

Expulsion Guidelines (Including Bus Expulsions)

- The principal may recommend to the Superintendent expulsion or change of placement of any student who has committed a serious breach of conduct including, but not limited to, willful disobedience, open defiance of authority to a staff member, violence against persons or property, or any other act or series of acts over time, including a pattern of continuous disruptive behavior, which substantially disrupts the orderly conduct of the school.
- Students shall not be recommended for expulsion due to skipping, tardiness, absence, or truancy.
- No student shall be expelled from school unless acted upon by the School Board. Likewise, only the School Board can cancel an expulsion. In no case shall an expulsion be for more than the duration of the current school year and one additional school year (F.S. 1003.01).
- If the principal recommends expulsion, the principal will immediately suspend the student for ten (10) days and notify the Superintendent or designee, and the parents by telephone or in person. This will be followed by completion of the MIS 413 and a letter to the Superintendent recommending expulsion.
- Any recommendation for expulsion shall:
 - Include a letter from the principal detailing the violation(s) and the alternative measures taken prior to a recommendation of expulsion, including positive behavior interventions and support strategies when appropriate. The letter should contain language referring to the parent's rights of appeal.
 - A copy of the Functional Behavior Assessment and Behavior Intervention Plan should be attached when appropriate.
 - Include information about previous violations of the Student Code of Conduct and the actions taken to address those violations
 - Inform the parent of their right to appeal the recommendation for expulsion at the District level.
 - Be signed by the principal
 - Be sent to the parent
- The Superintendent or designee will then study the data presented and determine whether or not to forward the recommended expulsion to the School Board. If he or she agrees with the principal's recommendation, the recommendation for expulsion will be forwarded to the School Board for action unless the recommendation is appealed by the parent/guardian.

School Level Appeal Process for Out-of-School Suspension

- If a student or parent/guardian believes a proposed disciplinary action is unfair or that the allegations are unfounded, the student or parent may request a formal appeal. The formal appeal may be initiated verbally or in writing and presented to the principal within three (3) days of the discipline decision. Verbal requests for appeals must be followed up in writing. The written appeal should:
 - Briefly state the facts involved;
 - State a proposed solution to the problem,
 - Be copied to the school staff member(s) involved.
- Once the principal has received the signed grievance/request for appeal, the suspension may be lifted until the matter is resolved. Participation in extracurricular activities including sports may be suspended during the appeal process.
- If parents'/guardians' request for an appeal is not received within three (3) school business days after receiving notice of the corrective action or discipline being proposed, the school will impose the proposed consequence, and parents'/guardians will not have any further opportunity to appeal the matter.
- The principal or designee will review the grievance and meet with the student and parent or guardian for the appeal. During the appeal, the student has the right to question the allegations against him or her, provide written statements from witnesses, and respond to any written witness statements (in which the names any student witnesses are held confidential).

- Parent/guardian should be provided with redacted copies of witness statements, social media printouts, etc. upon request. A parent/guardian may request copies of videotape surveillance; however, they will be responsible for the cost associated with redacting the video thereby protecting student confidentiality.
- For students with disabilities (Section 504 and IDEA, excluding gifted only), a Manifestation Determination Meeting (MDM) must convene within ten (10) days of any decision to change placement and prior to the 11th day of removal of the student from his/her current educational placement. In case of infractions involving 6 or more days of OSS or expulsion, please refer to the next section.
- When disciplinary infractions for students with disabilities involve weapons, drugs, or serious bodily injury, placement in an interim alternative educational setting for up to 45 days is allowed (State Board of Education Rule 6A-603312).
- For suspensions of 1 to 5 days, the principal's decision regarding the appeal shall be final. In the case of 6 to 10 days of OSS or recommended expulsion, the principal's decision may be further appealed to the Superintendent or designee.

District Level Discipline Appeals

Six or More Days of Out-of-School Suspension (OSS) without Recommendation for Expulsion

In cases of suspension for six (6) or more days, the principal's decision may be further appealed to the Superintendent or designee. The Superintendent or designee may uphold, reverse, or modify the suspension. The following process is used:

- Prior to any district level appeal of OSS, the matter must FIRST be heard at the school level (except when the OSS is accompanied by a recommendation for expulsion).
- If the principal upholds the recommended suspension. The parent/guardian or student may request an appeal hearing from the Superintendent or designee.
- This request must occur within three (3) school business days after the school level appeal. The request for an appeal hearing may be initiated in writing or verbally. Verbal requests must, however, be followed up in writing.
- The Superintendent level appeal will be scheduled at the District School Board of Pasco County office in Land O'Lakes.
- If the request for an appeal is not received within three (3) school business days, the school will then proceed with the recommended proposed suspension, and parents/guardians will not have any further opportunity to appeal the matter.
- The Superintendent or designee may ban a student from campus during formal appeal if he/she believes the student's presence on campus would be a continuing danger or disruption. In such cases, the appeal shall be expedited.
- The appeal process will not reinstate participation in extracurricular activities.
- The decision of the Superintendent's Designee is final on an OSS appeal.

OSS with Recommendations for Expulsion Process

- The Superintendent or designee may ban a student from campus during formal appeal if he/she believes the student's presence on campus would be a continuing danger or disruption. In such cases, the appeal shall be expedited.
- The appeal process will not reinstate participation in extracurricular activities.
- If a parent does not agree with the decision reached at a district level discipline appeal hearing regarding the recommended expulsion, the parent/guardian may formally appeal the recommendation for expulsion at the next regularly scheduled meeting of the School Board, by requesting an open or closed hearing before the Board. This must be done in writing within three (3) days after receiving the Superintendent or designee's decision at the conclusion of the hearing. Otherwise, the decision made by the Hearing Officer will remain in effect for the time specified at the conclusion of the hearing. The decision of the Board is final.

Parent/Guardian and Student Rights

Parent/guardian rights during the discipline appeal process include, but are not limited to, the following:

- The parent/guardian or student has the right to inspect any written or physical evidence that the school may present at the hearing, including witness statements in which the names of student witnesses are held confidential.
- The parent/guardian or student may arrange to be represented by an attorney or advocate at private, not public, expense. An attorney or advocate is not necessary for a fair resolution of the matter. Parents/guardians must notify the Superintendent or designee as soon as possible if they plan to be represented by an attorney or advocate.
- The parent/guardian or student may provide any written or physical evidence that supports the student's case, including written statements from witnesses who saw or have knowledge of the incident in question.
- The parent/guardian or student has the right to ask questions and present his or her explanation of the alleged misconduct.

School's Rights During District Level Discipline Appeals

- The school administrator or other person presenting the school's case has the right to inspect and question any written or physical evidence that the parent(s) or guardian(s) may be present at the hearing.
- School personnel shall not be held legally responsible for suspensions and recommendations for expulsion made in good faith.

At the District Level Discipline Appeal Hearing

- The participants at the hearing will be limited to those with a relevant interest in the matter at hand, as determined by the Superintendent or designee.
- Only the evidence presented at the hearing will be used to make a decision. No information may be provided to the Superintendent or designee outside of the hearing.
- The person hearing the case must be neutral. He or she cannot be a witness to the incident that resulted in discipline or testify in the hearing.
- The Superintendent or designee will provide a written decision. This written decision will be sent to the student or parent/guardian within approximately one calendar week, and shall include notice of the right of due process appeal to the school board.

If the parent/guardian does not appeal the Superintendent or Designee's recommendation to the School Board, said decision is **final** and not subject to further appeal, negotiation, or amendment by any party.

If the parent appeals the school's recommendation for expulsion directly to the Board, the decision of the School Board will be considered to be **final**.

The Superintendent, or designee, may ban a student from campus and/or participation in any school sponsored activity during a formal appeal if it is believed that the student's presence on campus would be a continuing danger or disruption. In such cases, the appeal shall be expedited.

Students who are serving out-of-school suspension or expelled shall be excluded from all District or school sponsored activities taking place at any District School Board of Pasco County school or campus, at any school function or on any school sponsored transportation, including but not limited to extracurricular, co-curricular, student organizations, graduation ceremonies, dances, and other events.

Prior to such a decision, the student and/or parent shall be warned of such action in writing. The principal or designee of Marchman Technical Education Center or Moore-Mickens Education Center and the principal or designee of the student's home school, if applicable, shall make the final decision jointly. Incident Code	The District School Board of Pasco County engages in the practice of progressive discipline. Progressive discipline is a whole-school approach that utilizes a continuum of interventions, supports and consequences to address inappropriate student behavior and build upon strategies that promote positive behaviors. When inappropriate behavior occurs, disciplinary measures should be applied within a framework that shifts the focus from one that is solely punitive to a focus that is both corrective and supportive. Progressive discipline is designed to create the expectation that the degree of discipline will be in proportion to the severity of the behavior leading to discipline and that the previous disciplinary history of the student and all other relevant factors will be taken into account.
