Title I School and Families

Pasco Middle School will involve families in the development of the school's Title I Plan and the process of school review and improvement.

Every year, Pasco Middle School will host a meeting where all parents are invited to attend. At this meeting, the principal and staff will inform the parents of the school's participation in Title I, explain the benefits to the families, the requirements and the rights of the parents to be involved. Parents will be invited and encouraged to meet with their student's teachers, attend monthly SAC meetings to offer suggestions, share experiences and to participate in decisions related to the education of their student. In addition, parents will be provided a description and explanation of the curriculum and standards used at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet.

Family Involvement Options

Families will be encouraged to partner with our school by providing a supportive home environment. Based on our school's Parents Needs Assessment, Pasco Middle School will provide the following requested parent activities:
